

Dental Practice

Dear Sirs,

I write to thank you for helping to achieve a successful sale of my Practice of some 40 years.

Frank Taylor Staff applied themselves consistently and being kept informed, and occasionally reassured, was tranquillising.

The relief of being able to leave one's Patients and Staff in good hands is very real and the ability of yourselves to produce suitable colleagues is a mark of professionalism. Frank Taylor organising finance for the buyer "in house" also smoothed the process.

It is a stressful time and, I suppose, one of the best spinoffs is that My Wife is sleeping normally again!

With my thanks
