

David brewer was introduced to me by Loan Hunter team of Frank Taylor and Associates when I was looking to organise funding for the practice i was purchasing in Hertfordshire.

I found the advice and guidance provided by David Brewer to be invaluable in helping me arrange funding for my Practice purchase

David guided me through the whole loan process and introduced me to the specialist Dental division of the Bank and helped secure loan terms which were much better than those offered by former Bank. He analysed all aspects of my funding in a unbiased manner keeping all options practically affordable.

I would happily recommend David and Loan Hunter to anyone who is looking to purchase a Dental Practice'
